

MATHS

Please complete the bridging tasks that have been set for you on mymaths to the best of your ability.

The tasks cover the following key topics that will prepare you for the start of the course:

Solving Quadratics
Algebra Manipulation
Quadratic Formula
Indices
Surds
Completing the square

This is the minimum requirement.

There are additional bridging tasks available to give you an extra boost so please complete as many of these as you can too.

You will find them on mymaths-A Level-Pure-Bridging from GCSE.

Have a great summer and we look forward to seeing you in September.
